### Operations Support

Phase II of the Operations Support Course No. 43 is in the final week. NE Division sent one student to audit the Class B Accounting lecture and to work the practice problems. The student appeared on 6 December and had not been scheduled by anyone. Checks with Registrar, NE, and Logistics Training Officers indicated the student had not been scheduled. A return call from the NE Training Officer indicated the desk wanted the student in the class and someone had failed to follow through. The student will complete the accounting work on 7 Dec 1960.
